A UNIVERSAL EXPRESSION OF LOVE

🌹 Millennia ago, Aphrodite, the ancient Greek goddess of love, was said to be so beautiful that roses would rise to greet her wherever she appeared. Ever since then, red roses have been shared as symbols of love. With their beauty, delicate scent and lush, velvety petals, a gift of roses always makes your loved one feel special and cherished on a romantic first date, Valentine's day, anniversaries, birthdays, and memorable milestones and moments we share.

BUILD YOUR SPECIAL MOMENTS

 Like your favourite memories with your loved ones, the LEGO® Bouquet of Roses truly comes alive when shared. Whether you give or receive them as a gift, or join in the building experience together, these roses are guaranteed to flourish anywhere and cast a vibrant glow on your special occasion. The variety of stem lengths reflects different phases of growth, from delicate buds to bold blooms. Whenever you want to refresh your special memories – and your bouquet – you can return to your voluptuous arrangement and adjust it to suit your mood.

FROM THE DESIGN TEAM

🌹 'Love may be as thorny as a rose stem or as divine as its velvety petals. To reflect that dichotomy, we sought to strike the perfect balance between challenging techniques and a satisfying flow. While we can only aspire to recreate nature's perfect design, we hope you will let these roses serve as a reminder to love yourself exactly as you are and share that love with others.'

Thorns are often removed from cut roses, but some have escaped the pruning clippers. Here they are represented by horn elements which appear in dark red for the first time.

A rose by any other name would smell as sweet, but when the Overnight Scentsation rose was tested in a space shuttle, researchers discovered that its scent was different in the zero-gravity environment.

Overlapping mudguard elements help recreate the intricate layering of the rose's petals.
